Modules

The Program

The Board of Directors is a critical element of governance and plays a crucial role in economic development in both the public and private sectors. Ideally, a Board should comprise good ethical leaders who are mentally aggressive, value time, are intrinsically motivated, and are open to regular evaluation as a tool for improvement.

The orientation of new board members

Procedures for board training and

Board room discussion and participation

Formal board member appraisal

Remuneration of board members

Timeliness in making decisions

This Leadership Program, consist of Fundamental and Advanced Directorship Modules, is designed to equip participants with the core knowledge and insights to drive their organizations toward sustainable success as visionary leaders, ready to steer their organizations into the future.

Program Objectives

- Increase understanding of roles, duties, and responsibilities as members of the Board of Directors based on Indonesian corporate law and Governance, Risk Management, Compliance, and Sustainability (GRCS) best practices
- Increase awareness and understanding of GRCS, GRCS-based business practices, and GRCS-based company management for Directors
- Improving the learning process regarding the implementation of GRCS in the company and the strategic role of the Board of Directors in the successful implementation of GRCS
- Through the discussion method, improving the relationship between participants in the successful implementation of GRCS to achieve business sustainability

Fundamentals Directorship Modules

Fundamentals Directorship Modules

- Aspiring Directors
- Newly appointed directors
- Directors with less than 3 years of tenure
- Senior Management Team

Preparation is key for senior executives interested in joining a Board of Directors, as board service presents unique responsibilities, dynamics, risks, and opportunities. It also calls for a distinctive set of skills. The fundamentals Directorship program will equip participants with critical insights that will enhance their readiness for Board of Directors service and enable them to make a lasting contribution at the highest level of an organization.

GRCS Perspective	Board Accountability & Responsibility	Essential Strategic Management	Essential Board Leadership

Continuous Learning - CRO Forum

The Indonesia Chief Risk Officer (CRO) Forum is a dynamic community that fosters collaboration, knowledge-sharing, and innovation among the nation's risk management leaders. This exclusive platform aims to bring together Chief Risk Officers from diverse institutions to share valuable insights, exchange experiences, and collectively enhance risk management practices across industries.

This program will be led by the host with other experts and trainers from CRMS. We may also invite guest speakers to share practical experiences with the participants.
